# La "motivazione" nel dna di un Brand italiano

Sylcom oggi è il frutto di un radicale percorso di rinnovamento nel modo di fare Impresa, con insegnamenti che provengono dalla storia - come la sorprendente passione che sta all'origine di qualsiasi prodotto di qualità - connessi con l'utilizzo del potenziale umano per una efficace sinergia.

L'esperienza ha fornito all'Azienda un codice genetico autentico che consente tra i vari reparti la gestione di tutte le fasi della creazione, con l'obiettivo di tramandare una tradizione preziosa, proporre nuovi prodotti e soluzioni, comprendere le idee dei progettisti o trasformare in realtà i sogni dei clienti.

In Sylcom vive il patrimonio culturale dell'artigianato artistico che si manifesta anche in una forte azione evolutiva interna. Apprendere nuove culture e inventare paradigmi è un processo che passa attraverso la piena partecipazione delle persone, la progettazione, il confronto e la cooperazione, fasi vincenti della nostra storia aziendale.

# Il carattere passionale della nostra Fornace

Produrre oggetti d'arredo originali significa realizzare prodotti arricchiti di un'anima, un carattere, una similitudine personale o attitudinale con chi li inventa, chi li realizza, chi li utilizza.

Il comparto produttivo della nostra Fornace si impegna per mantenere vivo un artigianato di alta qualità che propone una collezione di lampade esclusive, dove ciascuna rappresenta un *pezzo unico*, autenticamente realizzato a mano. Le Collezioni a catalogo e la quotidiana risposta progettuale alle peculiari esigenze del settore *tailor made*, attingono ad un archivio ricchissimo di forme, dimensioni, combinazioni di colore e finiture ricercate.

L'intero processo produttivo, dalle sabbie al packaging, avviene all'interno dell'azienda intesa come l'espansione della *bottega artistica*, luogo in cui è riposta grande attenzione al singolo dettaglio e da dove ogni prodotto parte per essere introdotto nel mercato, dotato di numero progressivo e opportunamente siglato e certificato.

# Il mondo del colore di Sylcom

Gli spazi abitati sono il nostro rifugio, i luoghi dove ci sentiamo protetti e dove facciamo ritorno.

I colori che scegliamo ci sostengono evocando socievolezza e convivialità e producendo atmosfere di intima accoglienza: i colori caldi e positivi liberano armonia e calore, quelli freddi stimolano calma e relax.

Sylcom sperimenta la magia del colore del vetro in un laboratorio in equilibrio tra arte e scienza.

Le nostre lampade sono oggetti d'arredo irripetibili, capaci di fondere il fascino della luce con la seduzione del vetro colorato plasmato dalla nostra Fornace e possono essere personalizzate scegliendo tra una vasta gamma di colori unici ed esclusivi.

La palette cromatica attinge alla natura stessa della città di Venezia: il rosso rosato del cocchiopesto, il verde dell'acqua, il blu dei cieli affrescati, il giallo dei mosaici dorati, delle sabbie e dei tramonti.

*"Le leggi dei colori sono inesprimibilmente belle, proprio perché non sono dovute al caso."*

A photograph of a classical interior. On the left, a large, textured stone column stands prominently. In the background, a window is covered with light-colored, patterned curtains, through which warm light is visible. A dark wooden chair is positioned near the window. The overall atmosphere is dramatic and historical.

# Table and floor lamps

\_Carola

A photograph of a museum gallery. In the foreground, a modern floor lamp with a brass-colored pole and a pleated cream-colored shade stands on a polished terrazzo floor. To its left, a classical marble bust of a woman is mounted on an ornate, dark wood stand. In the background, another similar bust is visible further down the gallery. The walls are light-colored with a pinkish-red wainscoting, and a large painting is partially visible on the right wall.
